EAA was established on 11th December, 2009. Pursuant to EAA's Charter, EAA has been set up for the time period which will be required to wind up the portfolio of risk assets and non-strategic businesses/assets acquired from WestLB AG (now Portigon AG) and its subsidiaries. Upon completion of such winding-up, EAA will be dissolved.

EAA is registered with the commercial register (*Handelsregister*) of the local court (*Amtsgericht*) of Düsseldorf under HRA 20869. Its registered office is located at Elisabethstraße 65, 40217 Düsseldorf, Federal Republic of Germany.

Terms and Conditions of the Notes:

The terms and conditions applicable to any particular Tranche of Notes (the **Conditions**) will be constituted by combining the terms and conditions set out in the section entitled "*Terms and Conditions of the Notes*" and the provisions of the Final Terms applicable to such Tranche of Notes. The binding language of the Conditions will be specified in the relevant Final Terms.

Issuance in Series:

Notes will be issued in series (each a **Series**). Each Series of Notes may comprise one or more tranches (**Tranches** and each a **Tranche**) issued on different dates. The Notes of each Series will all be subject to identical terms whether as to currency, interest (if any), maturity or otherwise, or terms which are identical except that the issue price, issue date, the first interest payment date (if any) and/or the amount of the first payment of interest (if any) may be different. The Notes of each Tranche will all be subject to identical terms in all respects.

Form of Notes:

Notes may be issued in bearer form only.

Each Tranche of Notes will initially be in the form of either a temporary global note (the **Temporary Global Note**), without interest coupons, or a permanent global note (the **Permanent Global Notes** and, together with the Temporary Global Note, the **Global Notes**), without interest coupons, in each case as specified in the relevant Final Terms.

Each Tranche of Notes for which the relevant Final Terms specify TEFRA D will initially be represented by a Temporary Global Note and each Tranche of Notes for which the relevant Final Terms specify TEFRA C will be represented by a Permanent Global Note, which will be deposited (i) in the case of a Tranche intended to be cleared through CBF (as defined below) with CBF, or (ii) in the case of a Tranche intended to be cleared through CBL (as defined below) and/or Euroclear (as defined below) (a) if the relevant Global Note is intended to be issued in new global note (**NGN**) form with a (common) safekeeper for CBL and/or Euroclear, or (b) if the relevant Global Note is not intended to be issued in NGN form with a depositary or common depositary of the relevant Clearing System(s) (as defined below). While any Note to which TEFRA D applies is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Note due prior to the Exchange Date (as defined below) will be made only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Temporary Global Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by the relevant Clearing System and such Clearing System has given a like certification (based on the certifications it has received) to the Fiscal Agent. Interests in Temporary Global Notes to which TEFRA D applies will be exchangeable for interests in Permanent Global Notes not earlier than after the date falling 40 days after the issue date (the **Exchange Date**) unless otherwise permitted, upon certification as to non-U.S. beneficial ownership as described above.

Clearing Systems:

Clearstream Banking AG, Frankfurt (**CBF**), Clearstream Banking, société anonyme, Luxembourg (**CBL**) and Euroclear Bank SA/NV (**Euroclear** and, together with CBF and CBL, the **Clearing Systems** and, each, a **Clearing System**) as specified in the relevant Final Terms.

The Notes will have such maturities as may be agreed between the Issuer and the relevant Dealer, subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the Issuer, the Notes or the currency in which the Notes are to be issued (the **Specified Currency**).

Issue Price of the Notes:

The Notes may be issued at an issue price which is at par or at a discount to, or premium over, par. The price and amount of Notes to be issued under the Programme will be determined by the Issuer and the relevant Dealer at the time of issue in accordance with prevailing market conditions.

Yield:

The yield in respect of Fixed Rate Notes will be set out in the relevant Final Terms.

Step-up/Step-down Notes:

Step-up/Step-down Notes are Notes which bear fixed interest at varying rates, such rates being, in the case of Step-up Notes, greater or, in the case of Step-down Notes, lesser than the rates applicable to the previous interest payment periods.

Zero Coupon Notes:

Zero Coupon Notes will be offered without periodical payments of interest.

Floating Rate Notes:

Floating Rate Notes will bear interest at a rate determined on the basis of a reference rate appearing on the agreed screen page of a commercial quotation service as adjusted for any applicable margin, which may vary from interest period to interest period. *Inter alia*, interest periods, interest payment dates, the relevant day count fraction(s) and the method(s) for calculating interest will be set out in the relevant Final Terms.

Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both.

Inverse Floating Rate Notes:	The interest payable on Inverse Floating Rate Notes will be calculated as the difference between a fixed rate of interest and a floating rate of interest with the latter being determined as set out in the subsection entitled " <i>Floating Rate Notes</i> " above.
Other provisions in relation to interest paying Notes:	Inverse Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both.
Denomination of Notes:	Interest on Notes with the exception of Zero Coupon Notes will be payable in respect of each interest period and on such interest payment dates, and will be calculated on the basis of such day count fraction, as may be agreed between the Issuer and the relevant Dealer.
Redemption of Notes:	Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer, save that the minimum denomination of each Note will be Euro 100,000 (or its foreign currency equivalent calculated as described in the Programme Agreement), or such higher amount as may be required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency.
Presentation and prescription in relation to Notes:	The Final Terms will specify either that the relevant Notes (i) cannot be redeemed prior to their stated maturity (other than (unless otherwise specified in the relevant Final Terms) for taxation reasons or following an event of default), or (ii) will be redeemable at the option of the Issuer and/or the Holders, as the case may be, upon giving notice to the Holders or the Issuer, as the case may be, on a date or dates specified prior to such stated maturity and at a price or prices and on such other terms as may be agreed between the Issuer and the relevant Dealer.
Taxation of Notes:	The presentation period provided in § 801 (1) sentence 1 of the German Civil Code (<i>Bürgerliches Gesetzbuch</i>) is reduced to ten years in relation to the Notes.
U.S. Foreign Account Tax Compliance Withholding:	Unless otherwise set out in the relevant Final Terms, all payments of principal and interest (if any) in respect of the Notes will be made without any withholding or deduction at source for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by way of withholding or deduction at source in, by or within Germany or any political subdivision or any authority thereof or therein including bodies incorporated under public law (<i>öffentlich-rechtliche Körperschaften</i>) having power to tax, unless such deduction or withholding is required by law. In the event that any such deduction is made, the Issuer will, save in certain limited circumstances provided in § 7 (1) of the Terms and Conditions of the Notes (including, but not limited to, in the event that withholding taxes are payable pursuant to legislation or regulations introduced as a result of a directive of the European Union), be required to pay to the Holders additional amounts to cover the amounts so deducted.
Early redemption of Notes for taxation reasons:	The Issuer is authorised to withhold or deduct from amounts payable under the Notes to a Holder or beneficial owner of the Notes funds for the payment of any tax that it is required to withhold or deduct pursuant to (a) sections 1471 to 1474 of the U.S. Internal Revenue Code or any associated regulations or other official guidance (the U.S. Provisions); (b) any treaty, law, regulation or other official guidance enacted in any other country, which facilitates the implementation of the U.S. Provisions (the Foreign Provisions); or (c) any intergovernmental agreement between the United States and any other country, which facilitates the implementation of the U.S. Provisions (the Intergovernmental Agreement); or (d) any agreement regarding the implementation of the U.S. Provisions, the Foreign Provisions and any Intergovernmental Agreement entered into by the Issuer with the U.S. Internal Revenue Service, the U.S. government or any governmental or taxation authority in any other country (FATCA). The Issuer will not be required to make any payments of additional amounts for or on account of any withholding tax deducted in compliance with FATCA.
	Unless otherwise set out in the relevant Final Terms, early redemption will be permitted in whole, but not in part, if on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts pursuant to § 7 (1) of the Terms and Conditions of the Notes as a result of any change in, or amendment to, the laws or regulations of Germany or of any political subdivision or taxing authority thereof or therein, or as a result of any change in, or amendment to, an official interpretation or application of such laws or regulations, which amendment or change is effective on or after the date on which the first Tranche of the relevant Series of the Notes is issued.

Events of Default: The terms and conditions of the Notes will provide for the following events of default:

- the Issuer is in default, for any reason whatsoever, for more than 30 days in the payment of any amounts due under the Notes;
- the Issuer is in default in the performance of any of its obligations under the Notes and such default shall continue for more than 60 days after written notification requiring such default to be remedied shall have been given to the Issuer by any of the Holders through the Fiscal Agent;
- bankruptcy or court composition proceedings are commenced before a court against the Issuer which shall not have been dismissed or stayed within 60 days after the commencement thereof, or the Issuer institutes such proceedings or suspends payments or offers or makes a general arrangement for the benefit of all its creditors; or
- the Issuer goes into liquidation unless such liquidation is to take place in connection with a merger, consolidation or other combination with any other entity and such entity assumes all obligations of the Issuer arising under the Notes and that the obligation of the liable stakeholders of the Issuer to offset losses of the Issuer will apply *mutatis mutandis* to such new entity.

Cross Default in relation to Notes: The terms and conditions of Notes will not contain a cross default provision.

Status of the Notes:

The Notes will constitute direct, unconditional, unsecured and unsubordinated obligations of the Issuer, ranking *pari passu* among themselves and *pari passu* with all other unsecured and unsubordinated present and future obligations of the Issuer unless such other obligations take priority by mandatory provisions of law.

Negative Pledge:

The terms and conditions of the Notes will not contain a negative pledge provision.

Governing Law:

The Notes will be governed by German law.

Place of Performance and Place of Jurisdiction:

Place of performance and place of jurisdiction in relation to the Notes is Düsseldorf, Germany.

Representation of Holders:

In accordance with the German Act on Debt Securities (*Gesetz über Schuldverschreibungen aus Gesamtemissionen*; the **Act on Debt Securities**) of 31st July, 2009, the terms and conditions of the Notes may contain provisions pursuant to which Holders may agree by resolution to amend the relevant terms and conditions (with the consent of the Issuer) and to decide upon certain other matters regarding the Notes. Resolutions of Holders properly adopted by vote taken without a meeting in accordance with the relevant terms and conditions are binding upon all Holders. Resolutions providing for material amendments to the relevant terms and conditions require a majority of not less than 75 per cent. of the votes cast. Resolutions regarding other amendments are passed by a simple majority of the votes cast.

In accordance with the Act on Debt Securities, the terms and conditions of the Notes may provide that the Holders may by majority resolution appoint a representative for all Holders (the **Joint Representative**). The responsibilities and functions assigned to the Joint Representative appointed by a resolution are determined by the Act on Debt Securities and by majority resolutions of the Holders. The Joint Representative may also be designated in the relevant terms and conditions.

INFORMATION RELATING TO RISK FACTORS

The discussion of risk factors is supposed to protect investors from investments for which they are not suitable and to set out the financial risks associated with an investment in a particular type of Note. Prospective investors should understand the risks of investing in any type of Note before they make their investment decision. They should make their own independent decision to invest in any type of Note and as to whether an investment in such Note is appropriate or proper for them based upon their own judgment and upon advice from such advisers as they consider necessary.

Risk factors relevant to Erste Abwicklungsanstalt:

There are certain factors which may have a material adverse effect on the results of operations or the financial condition of the Issuer and which may, consequently, affect the

Issuer's ability to fulfil its obligations under Notes to be issued under the Programme. These factors are set out in length in the subsection entitled "*Risk Factors – Factors which may affect the ability of Erste Abwicklungsanstalt to fulfil its obligations under Notes to be issued under the Programme*". The following aspects are discussed in that subsection:

- credit exposure and increased loss provisions;
- duty of the Financial Market Stabilisation Fund and of EAA's stakeholders to offset losses (*Verlustausgleichspflicht*) is not a guarantee;
- general market risks;
- Issuer's credit ratings, financial condition and results;
- soundness of other financial institutions;
- liquidity risks;
- operational risks;
- risks relating to disruptions in the global credit markets and economy;
- dependency on Portigon AG and other parties as service providers;
- transfer of assets to the Issuer;
- legal risks;
- the winding-up plan;
- reputational risks;
- regulatory risks; and
- tax risks.

Risk factors relevant to the Notes:

There are certain factors which are material for the purpose of assessing the risks associated with Notes to be issued under the Programme. These factors are set out in the subsection entitled "*Risk Factors – Factors which are material for the purpose of assessing the market risks associated with Notes to be issued under the Programme*". The following aspects are discussed in that subsection:

- the suitability of an investment in the Notes;
- the risks related to the structure of particular Notes;
- the risks related to Notes generally;
- the risks related to the market generally;
- legal investment considerations may restrict certain investments; and
- the risks related to FATCA.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes to be issued under the Programme. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purposes of assessing the market risks associated with Notes to be issued under the Programme are described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes to be issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and should consult with their own professional advisers (including their financial, accounting, legal and tax advisers) and reach their own views prior to making any investment decision.

Words and expressions defined in the sections entitled "Terms and Conditions of the Notes" shall have the same meanings in this section "Risk Factors".

Factors that may affect the ability of Erste Abwicklungsanstalt to fulfil its obligations under Notes to be issued under the Programme

The following is a summary of certain aspects of the business of Erste Abwicklungsanstalt as Issuer which prospective investors should be aware of. This summary is not intended to be exhaustive and prospective investors should carefully consider the following information in conjunction with the other information contained in this Prospectus.

Credit Exposure and Increased Loss Provisions

As the Issuer's business consists almost entirely in administering distressed and non-strategic financial assets acquired from Portigon AG (**Portigon**) (formerly WestLB AG (**WestLB**)) and Portigon's subsidiaries with a view to releasing Portigon and Portigon's subsidiaries from, in particular, the credit risk attributable to such financial assets, it is subject to the risk that debtors of such assets and other contractual partners may become unable to meet their obligations to the Issuer. Defaults may arise from events or circumstances that are difficult to foresee or detect or have not yet been foreseen or detected. In addition, the Issuer may find that any collateral position is insufficient to cover the respective credit exposure due to, for example, market developments reducing the value of such collateral. Any default by a major counterparty of the Issuer could have a material adverse effect on the Issuer's business, results of operations and financial condition.

The Issuer may have to increase its loss provisions in the future as a result of a rise in the number or amount of non-performing financial assets in its portfolio or as a result of applying uniform provisioning policies to the entire asset portfolio of the Issuer, for example following the transfer of further assets of Portigon to EAA which took place after 30th June, 2012. Any such increases in loss provisions in excess of existing provisions could have a material adverse effect on the Issuer's business, results of operations and financial condition.

Duty of the Financial Market Stabilisation Fund and of EAA's Stakeholders to Offset Losses (*Verlustausgleichspflicht*) is not a Guarantee

While the Financial Market Stabilisation Fund (the **Fund**) (acting through the Federal Agency for Financial Market Stabilisation (**FMSA**)) as well as the stakeholders of the Issuer, NRW, SVWL, RSGV, LVR and LWL (each as defined in the section entitled "*Description of the Issuer*", each an **Indemnifying Person**), are individually liable to EAA and the stakeholders NRW, SVWL, RSGV, LVR and LWL are also liable to the Fund (acting through FMSA) to offset losses incurred by EAA in accordance with section 7 of the Charter, investors should note that such duty of any Indemnifying Person to offset losses (*Verlustausgleichspflicht*) is limited as set out in the Charter and does not constitute an explicit guarantee by such Indemnifying Person for the benefit of EAA's counterparties. The holders of any Notes to be issued under the Programme do not have a recourse right against any of the Indemnifying Persons in respect of the obligations of the Issuer under the relevant Notes.

General Market Risks

Changes in interest rates, foreign exchange rates, stock prices, credit spreads, index levels, fund prices and commodity prices (without naming all potential market risks) may negatively affect the market value of the asset portfolio of the Issuer. This is in particular the case in respect of the derivative portfolio which has been transferred to EAA as part of the Follow-up Portfolio (as further described in the section entitled "*Description of the Issuer*"). Although the Issuer has implemented risk management methods to mitigate and control these and other market risks to which the Issuer is exposed, and measures and monitors the exposures constantly, it is difficult to predict changes in economic or market conditions and to anticipate the effects that such changes could have on the Issuer's business, results of operations and financial condition.

Issuer's Credit Ratings, Financial Condition and Results

The rating agencies Standard & Poor's Credit Market Services Europe Ltd., Moody's Deutschland GmbH and Fitch Ratings Ltd. assess whether the Issuer will be able to fulfil its obligations in future and rate its creditworthiness. The ratings applicable to debt securities issued by the Issuer directly depend on the ratings of the State of North Rhine-Westphalia. The ratings of the Notes may (without prior warning) be lowered or withdrawn entirely at any time by the relevant rating agency. A downgrade or the mere possibility of a downgrade of the Issuer's ratings could have strong adverse effects on its refinancing costs and its relationship with investors and future funding activities. In addition, such downgrade or the mere possibility of a downgrade of the Issuer's ratings or actual or anticipated changes in its financial condition or results could negatively affect the market value of any outstanding Notes.

Soundness of other Financial Institutions

The Issuer's exposure to counterparties in the financial services industry in the normal course of its business is particularly significant. This exposure can arise through trading, lending, clearance and settlement and many other activities and relationships. These counterparties include brokers and dealers, commercial banks, investment banks and other institutional market participants. The Issuer is exposed to the credit risk of any contractual counterparty which may crystallise in the event of a default. The insolvency of any counterparty may impair the effectiveness of the Issuer's hedging and other risk management strategies and, to the extent the Issuer has not hedged itself against such credit risk, is likely to have a negative effect on the Issuer's business, results of operations and financial condition.

Liquidity Risks

The Issuer is constantly monitoring the cash flows in respect of its assets and its liabilities and has established a strategy to meet its payment obligations. In addition, the duty of the Indemnifying Persons to offset losses (*Verlustausgleichspflicht*) as set out in section 7 of the Charter (and certain instruments agreed between each Indemnifying Person and the Issuer which – up to additional funding in the aggregate amount of Euro 480 million – together aim to prevent the Issuer's equity from falling below a minimum value of Euro 50 million) is aimed at ensuring the ability of the Issuer to meet its payment obligations at all times. However, if the already implemented and planned actions to manage liquidity do not lead to the planned funding success, the Issuer's liquidity position and, consequently, its timely payments under the Notes, could be adversely affected.

Operational Risks

The Issuer is exposed to operational risks which may result from inadequacy or failure of the internal infrastructure, processes or staff or as a result of external influences on the Issuer's operation, including the risk that outsourced services are not performed at all or not performed as contractually agreed. This could lead to unforeseeable disruptions and losses in respect of the Issuer.

Risks relating to Disruptions in the Global Credit Markets and Economy

Uncertainty on the pricing of credit risk and concerns about the global economy continue to create difficult conditions in the financial markets. Financial markets are generally subject to periods of historic volatility which may impact the Issuer's ability to raise funding in a similar manner, and at a similar cost, to the funding raised since the Issuer's establishment. However, challenging market conditions have resulted in greater volatility but also in reduced liquidity, widening of credit spreads and lack of price transparency in credit markets. The Issuer is particularly exposed to such challenging market conditions as the value of most of its assets have deteriorated from the disruptions in the global credit market. Changes in investment markets, including changes in interest rates, exchange rates and returns from equity, property and other investments, may negatively affect the Issuer's business, results of operations and financial condition. In addition, the financial performance of the Issuer could be adversely affected by a worsening of the general economic conditions in the markets in which it operates.

Dependency on Portigon and other Parties as Service Providers

Due to the limited resources of the Issuer it is subject to the risk that service providers, advisors and other contractual partners do not meet their obligations to the Issuer. In particular if Portigon resigns as servicer of all or some of the Issuer's assets or such function is terminated, the processing of payments received on the assets and information on collections relating to the assets could be delayed or not received at all. Furthermore, the European Commission ruled on 20th December, 2011 (the **EC Decision**) that Portigon (formerly WestLB) is obliged to transfer the servicing relationship with the Issuer to a subsidiary which shall subsequently be sold; in case such subsidiary is not successfully sold by the end of 2016, it shall be dissolved by the end of 2017.

There is no guarantee that a substitute servicer could be found that would be willing and able to administer the Issuer's assets on economically reasonable terms. Further, a substitute servicer may be less effective in this role than Portigon given Portigon's experience in administering the Issuer's assets.

Transfer of Assets to the Issuer

A large portion of the assets of Portigon have been legally transferred to the Issuer from various branches and subsidiaries of Portigon worldwide. However, an even larger portion of these assets has not been legally transferred to the Issuer due to legal, tax, regulatory and/or economic concerns related to a transfer of legal title in such assets. Nevertheless, the Issuer has obtained an economic interest in such assets. Consequently, the Issuer may not be able to fully dispose of such assets and fully depends on Portigon as the legal holder of such assets. As a consequence, the Issuer is exposed to the performance of Portigon's obligations in respect of any asset not legally transferred to EAA in full.

The assets transferred to the Issuer are and may be subject to general risks, including additional taxes or regulatory restrictions that are difficult to foresee or detect or have not yet been foreseen or detected. Furthermore, other risks (e.g. economic, financial or legal) may only be detected in future which may negatively affect the Issuer's business, results of operations and financial condition.

Legal Risks

Following the transfer of the Follow-up Portfolio (as further described in the section entitled "*Description of the Issuer*") the Issuer also assumed contingent liabilities related to potential legal disputes which have been brought or will be brought against Portigon (formerly WestLB) and its affiliated companies. If such legal risks materialise, they may have a material adverse effect on the Issuer's business, results of operations and financial condition.

The Winding-up Plan

The risk assets and the non-strategic businesses/assets taken over by the Issuer must be wound up in accordance with the current winding-up plan (*Abwicklungsplan*) as updated following the transfer of the Follow-up Portfolio to the Issuer (the **Winding-up Plan**). However, there can be no assurance that the risk assets and the non-strategic businesses/assets taken over by the Issuer can successfully be wound up in accordance with the Winding-up Plan, within the intended winding-up period or at all, which may negatively affect the Issuer's business, results of operations and financial condition.

Reputational Risks

Negative public reporting on the Issuer or on the transactions in which it engages may damage its reputation. Given the strong public interest in the Issuer, reputational risks are of particular relevance, in particular with respect to the Issuer's ability to obtain funding on the capital markets. A negative change in the public perception of the Issuer may negatively affect the Issuer's business, results of operations and financial condition.

Regulatory Risks

The Issuer is not a bank or otherwise licensed financial institution and must not provide or conduct regulated business activities requiring a licence pursuant to the Directive 2006/48/EC of the European Parliament and of the Council of 14th June, 2006. It is, however, subject to the limited supervision by the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht*; the **BaFin**) but is not supervised in a way credit institutions are supervised by BaFin. The Issuer is not licensed or supervised in any jurisdiction outside Germany. This may influence the Issuer's approach to administer its assets and may affect its financial performance. Changes in existing, or new, government laws and regulations, or enforcement initiatives in respect thereof, in the countries in which the Issuer holds assets may adversely affect the Issuer's ability to manage its assets.

Tax Risks

EAA is subject to risks associated with tax audits, changes to tax legislation or jurisprudence. EAA's business operations are assessed for tax purposes (by EAA and its tax advisors) on the basis of current tax legislation and in light of current case law and administrative practice. If any such tax law or practice changes or the tax positions in respect of the Portfolio and/or the Follow-up Portfolio (including EAA's subsidiaries and participations) changes significantly resulting in material additional tax charges, the Issuer's business, results of operations and financial condition may materially adversely be effected.

Factors which are material for the purpose of assessing the market risks associated with Notes to be issued under the Programme

The Notes may not be a suitable investment for investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement hereto;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation and the investment(s) it is considering, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A prospective investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the prospective investor's overall investment portfolio.

Risks related to the structure of particular Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for prospective investors. Set out below is a description of the most common such features:

Fixed Rate Notes (including Step-up Notes and Step-down Notes)

A Holder of a Fixed Rate Note is exposed to the risk that the price of such Note falls as a result of changes in the current interest rate on the capital markets for comparable debt securities of the same maturity (the **Market Interest Rate**). While the nominal interest rate of a Fixed Rate Note as specified in the relevant Final Terms is fixed during the term of such Note, the Market Interest Rate typically changes on a daily basis. As the Market Interest Rate changes, the price of a Fixed Rate Note also changes, but in the opposite direction. If the Market Interest Rate increases, the price of a Fixed Rate Note typically falls, until the yield of such Note is approximately equal to the Market Interest Rate. If the Market Interest Rate falls, the price of a Fixed Rate Note typically increases, until the yield of such Note is approximately equal to the Market Interest Rate. The same risk applies to Step-up Notes and Step-down Notes if the Market Interest Rates are higher than the nominal interest rates applicable to such Notes.

Floating Rate Notes

Floating Rate Notes tend to be volatile investments. A Holder of a Floating Rate Note is exposed to the risk of fluctuating interest rate levels and, consequently, uncertain interest income. Fluctuating interest rate levels make it impossible to determine the yield of Floating Rate Notes in advance. Neither the current nor the historical value of the relevant floating rate should be taken as an indication of the future development of such floating rate during the term of any Floating Rate Notes.

Floating Rate Notes with a cap and/or floor

If Floating Rate Notes are structured to include caps and/or floors, their market values may deviate from those for Floating Rate Notes that do not include those features. The effect of a cap is that the amount of interest will never rise above the pre-determined cap so that the Holder will not be able to benefit from any actual favourable development beyond the cap. The yield could, therefore, be considerably lower than that of similar Floating Rate Notes without a cap.

Inverse/Reverse Floating Rate Notes

Inverse/Reverse Floating Rate Notes have an interest rate equal to a fixed interest rate minus an interest rate based upon a reference interest rate such as EURIBOR or LIBOR. The market values of these Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference interest rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference interest rate not only decreases the interest rate payable under the Notes, but may also reflect an increase in prevailing interest rates, which may further adversely affect the market value of these Notes.

Zero Coupon Notes

Zero Coupon Notes do not pay interest periodically but are typically issued at a discount from their nominal value. Instead of periodical interest payments, the difference between the redemption price and the issue price constitutes interest income until maturity and reflects the Market Interest Rate. A Holder of Zero Coupon Notes is exposed to the risk that the price of such Notes falls as a result of changes in the Market Interest Rate. Prices of Zero Coupon Notes are more volatile than prices of Fixed Rate Notes and are likely to respond to a greater degree to changes in the Market Interest Rate than Fixed Rate Notes with a similar maturity.

Notes subject to optional redemption by the Issuer

The relevant Final Terms will indicate whether the Issuer may have the right to call the Notes prior to maturity on one or several dates determined beforehand (the **Optional Call Right**). In addition, the Issuer may have the right to redeem the Notes if the Issuer is required to pay additional amounts (gross-up payments) on the Notes for reasons of taxation as set out in the Terms and Conditions of the Notes.

An Optional Call Right is likely to limit the market value of the relevant Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to exercise its Optional Call Right when its cost of borrowing is lower than the interest rate payable under the relevant Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower interest rate. Potential investors should consider reinvestment risk in light of other investments available at the time when they are deciding whether to invest in the relevant Notes.

It should be noted that the Issuer may exercise any Optional Call Right irrespective of the Market Interest Rates which are relevant on a certain call date.

Resolutions of Holders

If the relevant terms and conditions of the Notes provide for resolutions of Holders, a Holder is subject to the risk of being outvoted by a majority resolution of the Holders. As such majority resolution properly adopted is binding on all Holders, certain rights of such Holder against the Issuer under the relevant terms and conditions of the Notes may be amended or reduced or even cancelled.

Joint Representative

If the relevant terms and conditions of the Notes provide for the appointment of a Joint Representative, either in the relevant terms and conditions or by a majority resolution of the Holders, it is possible that a Holder may be deprived of its individual right to pursue and enforce its rights under the relevant terms and conditions against the Issuer, such right passing to the Joint Representative who is then exclusively responsible to claim and enforce the rights of all Holders.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

European Union Savings Directive

Under EC Council Directive 2003/48/EC (as amended) (the **European Union Savings Directive**) on the taxation of savings income, member states have been required, since 1st July, 2005, to provide to the tax authorities of another member state details of payments of interest (or similar income) paid by a paying agent within its jurisdiction to an individual resident in that other member state. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system to withhold tax at a rate of 35 per cent. (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). In conformity with the prerequisites for the application of the European Union Savings Directive, a number of non-EU countries and territories including Switzerland have agreed to apply measures equivalent to those contained in the European Union Savings Directive (a withholding system in the case of Switzerland).

The European Union Savings Directive is currently under review and may be amended. One of the amendments being discussed is an extension of the scope of the European Union Savings Directive to include interest income derived by certain corporations.

If a payment were to be made or collected through a paying agent in a state which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any paying agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. If a withholding tax is imposed on a payment made by a paying agent following implementation of the European Union Savings Directive, the Issuer will be required pursuant to the Conditions, to the extent this is possible, to maintain a paying agent in a member state that will not be obliged to withhold or deduct tax pursuant to the European Union Savings Directive.

A paying agent in a member state that is not obliged to withhold or deduct pursuant to the European Union Savings Directive will have to provide details of payments of interest (or similar income) to the member state in which the receiving individual is resident. The reporting obligation relates to, *inter alia*, information on the amount of interest paid as well as name, address and account details of the receiving individual in accordance with Article 8 of the European Union Savings Directive.

For additional information in relation to the taxation of Notes to be issued under the Programme see the section entitled "*Taxation*".

Credit Ratings may not reflect all risks

Notes to be issued under the Programme may be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating assigned to other debt securities issued by the Issuer. In addition, the rating may not reflect the potential impact of all risks related to structure, market and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Any ratings assigned to debt securities of the Issuer as at the date of this Prospectus are not indicative of the future performance of the Issuer's business or its future creditworthiness.

Change of law

The terms and conditions of the Notes are based on German law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to German law or administrative practice after the date of this Prospectus.

No conclusion from the indicated Aggregate Principal Amount

In case of Notes offered and issued in a continuous manner ("up to" Notes) the indicated aggregate principal amount of such "up to" Notes as set out in the relevant Final Terms will represent the maximum issue volume of such "up to" Notes to be offered. The actual volume issued, however, may be lower than the maximum issue volume and may vary during the life of the "up to" Notes depending in particular on the demand for the "up to" Notes offered. No conclusion may therefore be drawn from the indicated aggregate principal amount of "up to" Notes offered and issued in a continuous manner with regardas to the liquidity of the "up to" Notes in the secondary market.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of the Notes.

Market price risk

The market prices of the Notes depend on various factors, such as changes of interest rate levels, the policy of central banks, overall economic developments, inflation rates or the supply and demand for the relevant type of Notes. The market price of the Notes may also be negatively affected by an increase in the Issuer's credit spreads, i.e. the difference between yields on the Issuer's debt and the yield of government bonds or swap rates of similar maturity. The Issuer's credit spreads are mainly based on its perceived creditworthiness but also influenced by other factors such as general market trends as well as supply and demand for such Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes, and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing, and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Risks related to FATCA

Pursuant to sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, an agreement entered into by the Issuer, a paying agent or an intermediary with the U.S. Internal Revenue Service pursuant to such U.S. law or an intergovernmental agreement concluded by the United States with another country (such as the country of residence of the Issuer, a paying agent or an intermediary) (collectively referred to as **FATCA**), the Issuer, a paying agent or an intermediary may, under certain circumstances, be required to withhold at a rate of 30.00 per cent. on all or a portion of payments of principal and interest or sales (gross) proceeds

made to Holders or payee or intermediary financial institutions unless such Holder or payee or intermediary financial institution is FATCA compliant or exempt.

It should be noted that certain other jurisdictions are considering or have started to implement measures analogous to FATCA. Such measures could require the withholding of amounts at a rate currently unknown.

In order to be FATCA compliant, Holders generally will be required to provide tax certifications and identifying information about themselves and certain beneficial owners, and, if applicable, a waiver of any laws prohibiting the disclosure of such information to a taxing authority. A payee financial institution generally would be required to enter into an agreement with the U.S. Internal Revenue Service and agree, among other things, to disclose the tax status of the account holders at the institution (or the institution's affiliates) and to annually report certain information about such accounts. Payee financial institutions that are resident in a country that has entered into an intergovernmental agreement with the United States in connection with FATCA may be required to comply with such country's FATCA implementing laws in lieu of entering into an agreement with the U.S. Internal Revenue Service.

On 22nd February, 2013, the German Ministry of Finance issued a news release indicating that Germany and the United States had initialed the terms and conditions of such an intergovernmental agreement. It is currently expected that the intergovernmental agreement between the two countries will be signed during the course of 2013.

A grandfathering rule provides that certain non-U.S. source obligations that are outstanding on 31st December, 2013 (or, if later, six months after the adoption of final U.S. Treasury regulations addressing "foreign passthru payments") (the **Grandfathering Date**) and that are not modified and treated as reissued, for U.S. federal income tax purposes, after such date will not be subject to withholding. Obligations that are treated as equity and certain debt obligations lacking a definitive term (such as saving and demand deposits), however, are not eligible for grandfathering. Notes that are treated, for U.S. federal income tax purposes, as non-U.S. source debt obligations and that are issued on or prior to the Grandfathering Date should qualify for grandfathering. There can be no assurance that any Notes will qualify for grandfathering. It should be noted that the relief under grandfathering rules only applies to withholding.

In any event, even if withholding on payments on Notes or sales (gross) proceeds would be required, such withholding is not expected to begin prior to 1st January, 2017. If the Issuer is required to withhold under FATCA, such amount will be deducted from any interest, principal or other payments on the Notes. In such an event neither the Issuer nor any paying agent or any other person is required to compensate such a deduction so that such a potential tax withholding would be to the expense of a Holder.

CIRCULAR 230 NOTICE. THE FOLLOWING NOTICE IS BASED ON U.S. TREASURY REGULATIONS GOVERNING PRACTICE BEFORE THE U.S. INTERNAL REVENUE SERVICE: (1) ANY U.S. FEDERAL TAX ADVICE CONTAINED HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY ANY TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER; (2) ANY SUCH ADVICE IS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS DESCRIBED HEREIN; AND (3) EACH TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

GENERAL DESCRIPTION OF THE PROGRAMME

Under the Programme, the Issuer may from time to time issue Notes denominated in any currency agreed between the Issuer and the relevant Dealer(s).

The maximum aggregate principal amount of all Notes from time to time outstanding under the Programme will not exceed Euro 50,000,000,000 (or its foreign currency equivalent calculated as described in the Programme Agreement (as defined below)), subject to any increase in accordance with the terms of the Programme Agreement.

The Notes may be issued on a continuing basis to one or more of the Dealers specified in the section entitled "*Overview*" and any additional Dealer appointed under the Programme from time to time by the Issuer, which appointment may be for a specific issue or on an ongoing basis (each a **Dealer** and, together, the **Dealers**). References in this Prospectus to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer, save that the minimum denomination of the Notes will be Euro 100,000 (or its foreign currency equivalent calculated as described in the Programme Agreement), or such higher amount as may be required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency (as defined below).

The *Commission de Surveillance du Secteur Financier* (the **CSSF**) in its capacity as competent authority under the Luxembourg Law on Prospectuses for Securities (*loi relative aux prospectus pour valeurs mobilières*), as amended (the **Prospectus Act**) transforming the Prospectus Directive into law in Luxembourg has approved this Prospectus pursuant to Article 7.1 of the Prospectus Act, which requires (i) the scrutiny by the CSSF of the completeness of this Prospectus including the consistency of the information given and its comprehensibility, and (ii) the publication of this Prospectus. By approving this Prospectus, the CSSF gives no undertaking as to the economic or financial opportuneness of any transactions under this Prospectus or the quality and solvency of the Issuer.

The Issuer has requested the CSSF to provide the *Bundesanstalt für Finanzdienstleistungsaufsicht* (the **BaFin**) in its capacity as competent authority under the German Securities Prospectus Act (*Wertpapierprospektgesetz*) transforming the Prospectus Directive into law in Germany with a certificate of approval attesting in accordance with Article 19 of the Prospectus Act that this Prospectus has been drawn up in accordance with the Prospectus Act. The Issuer may request the CSSF to provide the competent authorities in additional member states of the EEA with similar certificates of approval.

Notes to be issued under the Programme may be listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the regulated market of the Luxembourg Stock Exchange. The regulated market of the Luxembourg Stock Exchange is a regulated market for the purposes of Directive 2004/39/EC of the European Parliament and of the Council of 21st April, 2004 on markets in financial instruments amending Council Directives 85/611/EEC and 93/6/EEC and Directive 2000/12/EC of the European Parliament and of the Council and repealing Council Directive 93/22/EEC.

Notes may, after notification of this Prospectus in accordance with Article 19 of the Prospectus Act, be listed on any stock exchange located in a member state of the EEA and may be admitted to trading on the regulated market of any such stock exchange, all as may be agreed between the Issuer and the relevant Dealer.

Further application will be made by the Issuer to the Stock Exchange Düsseldorf for Notes to be admitted to trading on the regulated market of the Stock Exchange Düsseldorf.

The Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market and/or Notes not publicly offered.

Any terms not contained in this Prospectus which are applicable to a Tranche of Notes (including, but not limited to, the aggregate principal amount of such Notes, the interest (if any) payable in respect of such Notes and the issue price of such Notes) will be set out in the final terms (the **Final Terms**) applicable to such Notes which, with respect to Notes to be listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the regulated market of the Luxembourg Stock Exchange will be filed with the Luxembourg Stock Exchange on or before the date of issue of the relevant Notes. Copies of Final Terms prepared in connection with the issue and listing or public offer of Notes will be obtainable free of charge from (i) the registered office of the Issuer (Erste Abwicklungsanstalt, Elisabethstraße 65, 40217 Düsseldorf, Germany or via the website of Erste Abwicklungsanstalt (www.aa1.de⇒Investor Relations⇒Treasury)), and (ii) the specified office of the Fiscal Agent (Portigon AG, Herzogstraße 15, 40217 Düsseldorf, Germany). Copies of Final Terms prepared in connection with Notes which are not to be listed on any stock exchange and will not be publicly offered will be obtainable free of charge for the holders of the Notes (the **Holders**) from the registered office of the Issuer (address as set out above).

All references in this Prospectus to **U.S. Dollars**, **U.S. \$**, **USD** and **\$** refer to the currency of the United States of America, those to **Sterling**, **GBP** and **£** refer to the currency of the United Kingdom, those to **Japanese Yen**, **Yen** and **¥** refer to the currency of Japan, and those to **Euro**, **EUR** and **€** refer to the currency introduced at the start of the third stage of European Economic and Monetary Union pursuant to the Treaty establishing the European Community, as amended.

FORM OF THE NOTES

Notes may be issued in bearer form only.

Each Tranche of Notes will initially be in the form of either a temporary global note (the **Temporary Global Note**), without interest coupons, or a permanent global note (the **Permanent Global Note** and, together with the Temporary Global Note, the **Global Notes**), without interest coupons, in each case as specified in the relevant Final Terms, which will be delivered on or prior to the Issue Date of the Tranche:

- (i) if the Global Notes are intended to be issued in new global note (**NGN**) form, to a (common) safekeeper for Clearstream Banking, société anonyme, Luxembourg (**CBL**) and/or Euroclear Bank SA/NV (**Euroclear**); or
- (ii) if the Global Notes are not intended to be issued in NGN form, to Clearstream Banking AG, Frankfurt (**CBF** and, together with CBL and Euroclear, the **Clearing Systems** and, each, a **Clearing System**) or a depositary or common depositary of the Clearing Systems.

The relevant Final Terms will also specify whether United States Treasury Regulation § 1.163-5(c)(2)(i)(C) (the **TEFRA C Rules** or **TEFRA C**) or United States Treasury Regulation § 1.163-5(c)(2)(i)(D) (the **TEFRA D Rules** or **TEFRA D**) are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable. Each Tranche of Notes for which the relevant Final Terms specify TEFRA C will be represented by a TEFRA C Permanent Global Note and each Tranche of the Notes for which the relevant Final Terms specify TEFRA D will initially be represented by a TEFRA D Temporary Global Note.

TEFRA D Temporary Global Note exchangeable for TEFRA D Permanent Global Note

If the relevant Final Terms specify the form of the Notes as being "Temporary Global Note exchangeable for Permanent Global Note" and also specify that the TEFRA D Rules are applicable, the Notes will initially be in the form of a Temporary Global Note, without interest coupons, which will be exchangeable for interests in a Permanent Global Note, without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes (the **Exchange Date**) upon certification as to non-U.S. beneficial ownership. No payments of principal, interest (if any) or any other amounts will be made under the Temporary Global Note prior to such certification of non-U.S. beneficial ownership having been received by the relevant Clearing System and such Clearing System having given a like certification (based on the certifications it has received) to the Fiscal Agent.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the prompt delivery (free of charge to the bearer) of such Permanent Global Note to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership.

The principal amount of the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership; provided, however, that in no circumstances shall the principal amount of the Permanent Global Note exceed the initial principal amount of the Temporary Global Note. Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through the relevant Clearing System without any requirement for certification.

Terms and Conditions of the Notes applicable to the Notes

The Terms and Conditions of the Notes applicable to any Global Note will be attached to such Global Note, all as more fully described in the section entitled "*Issue Procedures*".

Legend concerning United States Persons

In the case of any Tranche of Notes having a maturity of more than 365 days, any Global Note will bear a legend to the following effect:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States Holders, with certain exceptions, will not be entitled to deduct any loss on a Note and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Note.

Each Global Note representing the Notes of the relevant Tranche will have the relevant Final Terms and the terms and conditions set out in the section entitled "*Terms and Conditions of the Notes*" attached thereto.

Eine Ersetzung gemäß den vorstehenden Bedingungen darf nicht erfolgen, wenn in der Folge einer solchen Ersetzung die Nachfolgeschuldnerin nicht durch eine Pflicht der Haftungsbeteiligten der Emittentin unterstützt würde, Verluste der Nachfolgeschuldnerin auszugleichen, die mit der Pflicht der Haftungsbeteiligten der Emittentin, Verluste der Emittentin auszugleichen, vergleichbar wäre. Die Nachfolgeschuldnerin hat der Emissionsstelle ein oder mehrere Rechtsgutachten von anerkannten Rechtsanwälten vorzulegen, die bestätigen, dass die Bestimmungen in den vorstehenden Unterabsätzen (a), (b) und (c) erfüllt wurden und die in diesem Absatz aufgeführte Pflicht der Haftungsbeteiligten der Emittentin, Verluste der Nachfolgeschuldnerin auszugleichen, besteht.

(c) the Issuer irrevocably and unconditionally guarantees in favour of each Holder the payment of all sums payable by the Substitute Debtor in respect of the Notes on terms which ensure that each Holder will be put in an economic position that is at least as favourable as that which would have existed if the substitution had not taken place.

A substitution pursuant to the preceding provisions may not be made if, following such substitution, the Substitute Debtor would not benefit from an obligation of the liable stakeholders of the Issuer to offset losses of the Substitute Debtor comparable to such liable stakeholders' obligation to offset losses of the Issuer. The Substitute Debtor shall provide the Fiscal Agent with an opinion or opinions of lawyers of recognised standing confirming that the provisions set out in subparagraphs (a), (b) and (c) above are fulfilled and that the obligation of the liable stakeholders of the Issuer to offset losses of the Issuer set out in this paragraph exists.

Des Weiteren gilt im Falle einer Ersetzung, wenn die Nachfolgeschuldnerin weder ihren Sitz noch ihren Steuersitz in der Bundesrepublik Deutschland hat, Folgendes:

DESCRIPTION OF THE ISSUER

Introduction

Erste Abwicklungsanstalt (**EAA** or the **Issuer**) was formed on 11th December, 2009 with the task of acquiring from WestLB AG (**WestLB**) (now Portigon AG) and its subsidiaries and winding up a portfolio of risk assets (*Risikopositionen*) and non-strategic businesses/assets (*nichtstrategienotwendige Geschäftsbereiche*) that comprised as at 31st December, 2010 loans in an aggregate nominal amount of approximately Euro 21,156 million, public finance securities in an aggregate amount of approximately Euro 10,078 million, other tradable securities in an aggregate amount of approximately Euro 5,709 million and structured credit products in an aggregate amount of approximately Euro 26,873 million.¹ Due to winding-up activities within the period from January 2011 to December 2011, those assets comprised as at 31st December, 2011, loans in an aggregate nominal amount of approximately Euro 13,498 million, public finance securities in an aggregate amount of approximately Euro 9,577 million, other tradable securities in an aggregate amount of approximately Euro 4,240 million and structured credit products in an aggregate amount of approximately Euro 23,714 million.¹

The Issuer's legal and commercial name is Erste Abwicklungsanstalt; its formation was entered into the commercial register of the Local Court of Düsseldorf on 23rd December, 2009.

WestLB (operating under the name of Portigon AG (**Portigon**) since 2nd July, 2012) transferred its risk assets and non-strategic businesses/assets to the Issuer in three stages:

On 23rd December 2009, the first portfolio of assets and liabilities with a nominal volume of Euro 6.2 billion in structured securities (also referred to as the **§ 8 Portfolio**) was spun off with retroactive effect, for accounting purposes, as of 1st January, 2009. The transaction was effected by way of a spin-off for acquisition (*Abspaltung zur Aufnahme*) pursuant to section 123 (2) no. 1 of the German Reorganisation Act (*Umwandlungsgesetz*) in conjunction with section 8a (8) of the German Financial Market Stabilisation Fund Act (*Finanzmarktstabilisierungsfondsgesetz*; the **FMSFG**).

The second portfolio which consisted in particular of loans, securities, structured securities and equity investments worth a nominal volume of Euro 71.3 billion, and liabilities (also referred to as the **Main Portfolio** and, together with the § 8 Portfolio, the **Portfolio**), was transferred to the Issuer and its subsidiaries on 30th April, 2010 with retroactive effect, for accounting purposes, as of 1st January, 2010. The assets and liabilities of the Main Portfolio were transferred partly by a spin-off for acquisition, partly by way of other transfer forms such as sub-participations, asset transfers and guarantees. The spin-offs generated a total of Euro 3,137 million in equity for EAA.

The aggregate nominal value of the Portfolio as at 1st January, 2010 amounted to approximately Euro 77.5 billion of assets and approximately Euro 27 billion of liabilities. EAA's capital resources consisted initially of Euro 3,137 million in equity and guarantees in favour of EAA of approximately Euro 1 billion from its stakeholders the State of North Rhine-Westphalia, the Westfälisch-Lippischer Sparkassen- und Giroverband (also known as Sparkassenverband Westfalen-Lippe), the Rheinischer Sparkassen- und Giroverband, the Landschaftsverband Rheinland and the Landschaftsverband Westfalen-Lippe.

With retroactive effect as of 1st January, 2012 (with respect to assets held in Portigon's banking book) and as of 1st July, 2012 (with respect to assets held in Portigon's trading book and assets held in Portigon's banking book acquired by Portigon after 31st December, 2011) Portigon transferred (economically and/or legally) further risk assets and non-strategic businesses/assets to the Issuer (also referred to as the **Follow-up Portfolio**) which in total comprise all assets held by Portigon, excluding certain assets which have been transferred to Landesbank Hessen-Thüringen Girozentrale (**Helaba**) via a newly established limited partnership, assets which Portigon has disposed of prior to 30th June, 2012, and certain assets remaining at Portigon which Portigon requires for transforming its banking business to a financial servicing business (including all employee-related assets and liabilities to the extent not transferred to Helaba).

The aggregate nominal value of the Follow-up Portfolio amounted to approximately Euro 99 billion of assets and approximately Euro 60 billion of liabilities. The Follow-up Portfolio comprised credit business assets in an aggregate amount of approximately Euro 45 billion, securities in an aggregate amount of approximately Euro 7 billion and derivative contracts in an aggregate amount of approximately Euro 47 billion. The liabilities comprised approximately Euro 13 billion of funding liabilities and Euro 47 billion of trading book liabilities.

EAA's total assets as at 31st December, 2012 amounted to Euro 123.3 billion (31st December, 2011: Euro 50.8 billion). Its business volume, which also includes off-balance sheet items, amounted to Euro 148.6 billion (not incl. subsidiaries) (31st December, 2011: Euro 58.9 billion (not incl. subsidiaries)). The nominal volume of the banking book portfolio taken on by EAA (incl. subsidiaries) decreased by 25.3 per cent.² and the trading book portfolio taken on by EAA decreased by 16.8 per cent.³ by 31st December, 2012.

Legal Form

EAA is a structurally and financially independent public law entity with partial legal capacity (*teilrechtsfähige Anstalt des öffentlichen Rechts*) operating under the umbrella of the Federal Agency for Financial Market Stabilisation (*Bundesanstalt für Finanzmarktstabilisierung*; the **FMSA**). The EAA is a federal winding-up agency (*Abwicklungsanstalt*) within the meaning of section 8a (1) sentence 1 of the FMSFG.

¹ Calculated on the basis of exchange rates as at 31st December, 2009.

² Calculated on the basis of exchange rates as at 31st December, 2011.

³ Calculated on the basis of exchange rates as at 30th June, 2012.

The FMSA is acting in the name and on behalf of the German Financial Market Stabilisation Fund (*Sonderfonds für Finanzmarktstabilisierung*; the **Fund**) that has been set up by the Federal Republic of Germany. The purpose of the Fund is to stabilise the German financial sector. The Fund does not have legal capacity. Decisions on stabilisation measures by the Fund and the administration of the Fund have been delegated by decree (*Finanzmarktstabilisierungsfonds-Verordnung*) to the FMSA.

As early as 2008, the German Federal Government adopted a comprehensive package of measures to support the financial markets by passing the FMStFG, thereby creating the Fund. The FMSA started out as a legally dependent public-law association. In 2009, it was transformed into a federal public-law agency with legal personality which reports to the German Federal Ministry of Finance. The FMSA was established in order to manage the Fund and to implement and monitor the Fund's stabilisation measures. The Fund itself does not have legal capacity. Decisions on stabilisation measures by the Fund and the administration of the Fund have been delegated by decree (*Finanzmarktstabilisierungsfonds-Verordnung*) to the FMSA. It is acting in the name and on behalf of the Fund. Its goal is and remains the restoration of mutual confidence among banks and the confidence of society at large and business in the financial sector. The Fund has stood ready not only for directly rescuing financial institutions but also for long-term stabilisation by increasing banking institutions' resilience. Banking institutions have been restructured and their business models redefined and reoriented. Among the instruments at the Fund's disposal is the foundation of winding-up agencies (*Abwicklungsanstalten*). The FMSA founded two such winding-up agencies, one of them being EAA.

The assets and liabilities of the EAA are kept separate from the assets of other winding-up agencies established by the FMSA and from other assets of the FMSA.

Establishment and Domicile

EAA was established on 11th December, 2009. Pursuant to EAA's charter (*Statut*; the **Charter**), EAA has been set up for the time period which will be required to wind up the portfolio of risk assets and non-strategic businesses/assets acquired from WestLB and WestLB's subsidiaries. Upon completion of such winding-up, EAA will be dissolved. According to the current winding-up plan (*Abwicklungsplan*) (the **Winding-up Plan**), this is envisaged to occur in 2027.

EAA is registered with the commercial register (*Handelsregister*) of the local court (*Amtsgericht*) of Düsseldorf under HRA 20869. Its registered office is located at Elisabethstraße 65, 40217 Düsseldorf, Federal Republic of Germany; its telephone number is +49 211 826 7871. The Issuer does not maintain any branches.

Object and Purpose

According to its Charter, EAA's function is to take over and wind up risk exposures and non-strategic businesses (**Risk Assets**) of WestLB (operating under the name of Portigon AG since 2nd July, 2012) and/or its German or foreign subsidiaries for the purpose of stabilising them and the financial market.

Applicable Legal Framework

In order to achieve its object and purpose, EAA may engage in all types of banking and financial services transactions and all other transactions that directly or indirectly serve its purposes. In this context, EAA may also, to the extent permitted under the applicable law in each case, hold regulated subsidiaries both domestically and abroad.

EAA is, however, neither a financial institution nor a financial services institution within the meaning of the German Banking Act (*Kreditwesengesetz*; the **KWG**), nor a securities services enterprise within the meaning of the German Securities Trading Act (*Wertpapierhandelsgesetz*; the **WpHG**), nor an insurance company within the meaning of the German Insurance Supervision Act (*Versicherungsaufsichtsgesetz*).

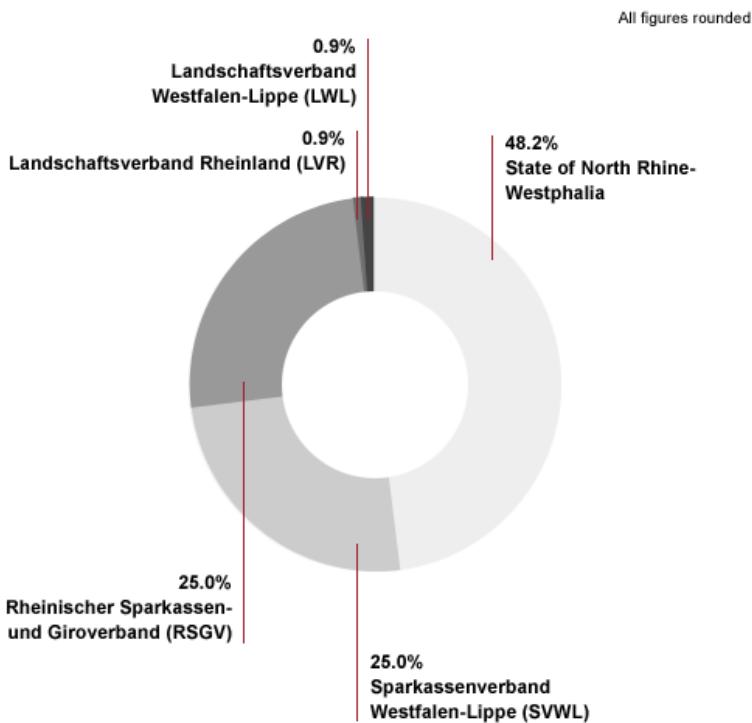

Nonetheless, pursuant to its Charter and pursuant to section 8a (5) sentence 2 of the FMStFG, EAA is subject to certain provisions of the KWG and the WpHG. In particular, EAA is subject to the banking supervision by the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht*; the **BaFin**) and it must comply with the organisational obligations and restrictions on certain activities imposed by the KWG applicable to banks and financial institutions. EAA is, however, exempted from the regulatory capital and liquidity requirements and the banking licence requirement under the KWG. EAA is also deemed to be an "obligor" (*Verpflichteter*) for the purposes of section 2 (1) of the German Money Laundering Act (*Geldwäschegesetz*; the **GwG**).

Share Capital

As at 31st December, 2012, the Issuer's share capital (*Stammkapital*) amounted to Euro 500,000. The Issuer's share capital remains unchanged as at the date of this Prospectus.

Stakeholders

EAA's stakeholders are the State of North Rhine-Westphalia (**NRW**), the Westfälisch-Lippischer Sparkassen- und Giroverband (**WLSGV**) (also known as Sparkassenverband Westfalen-Lippe (**SVWL**)), the Rheinischer Sparkassen- und Giroverband (**RSGV**), the Landschaftsverband Rheinland (**LVR**) and the Landschaftsverband Westfalen-Lippe (**LWL**). As at 31st December, 2012, the stakeholder structure of EAA was as follows (percentage figures rounded):

The stakeholder structure remains unchanged as at the date of this Prospectus.

EAA's Role in the EAA Group

The EAA Group consists of EAA and its subsidiaries, as set out in the list of shareholdings in note 47 to the annual report 2012.

Such subsidiaries and participations are not consolidated in accordance with section 13 (3) of the Charter and sections 3a (4) and 8a (1) sentence 10 FMStFG. EAA is not dependent upon other entities within the EAA Group.

Governing Bodies of EAA

The Issuer's governing bodies are the Managing Board, the Supervisory Board and the Stakeholders' Meeting. The corporate governance of EAA follows the dual system of German corporate law. One body undertakes the management function (the **Managing Board**) and a second body is responsible for overseeing and supervising EAA's management (the **Supervisory Board**). The business address of each of the members of the Managing Board and the Supervisory Board named below is Elisabethstraße 65, 40217 Düsseldorf, Federal Republic of Germany.

Managing Board

The Managing Board manages the business of the Issuer. The members of the Managing Board are:

Matthias Wargers (Spokesman of the Managing Board)
 Markus Bolder
 Horst Küpker.

Matthias Wargers and Markus Bolder are members of the supervisory board of Westdeutsche ImmobilienBank AG, Mainz, Germany. Other than that, they do not perform any principle activities outside the Issuer which are significant with respect to the Issuer. Horst Küpker does not perform any principle activity outside the Issuer which is significant with respect to the Issuer.

There are no conflicts or potential conflicts of interest between the duties of any member of the Managing Board to the Issuer and such member's private interests or other duties.

Supervisory Board

The Supervisory Board must consult with and advise the Managing Board and supervise its management of operations. It is also responsible for deciding on deviations from the Winding-up Plan, resolutions concerning the annual wind-up report, appointing and removing members of the Managing Board, enacting rules of procedure for the Managing Board, appointing the auditors and adopting the final accounts.

In individual cases, the Supervisory Board may also reserve the right to adopt resolutions on matters of particular significance, even though it might usually be a matter for the Managing Board.

The Supervisory Board consists of 11 members appointed by the Stakeholders' Meeting. NRW nominates five members, SVWL and RSGV each nominate two, and LVR and LWL each nominate one. The Supervisory Board members vote on a chairman and a deputy

chairman based on the candidates proposed by NRW. The FMSA has the right to participate in meetings of the Supervisory Board by sending a guest member. Guest members have no right to vote on resolutions, but otherwise have the same rights as the other Supervisory Board members.

The following is a list of the current members of the Supervisory Board as at the date of this Prospectus:

1. Chairman: Dr. Rüdiger Messal, State Secretary in North Rhine-Westphalia's Finance Ministry, Düsseldorf
2. Vice Chairman: Joachim Stapf, Undersecretary (*Leitender Ministerialrat*) in North Rhine-Westphalia's Finance Ministry, Düsseldorf

The members of the Supervisory Board do not perform any principle activities outside of the Issuer which are significant with respect to the Issuer.

There are no conflicts or potential conflicts of interest between the duties of any member of the Supervisory Board to the Issuer and such member's private interests or other duties.

Stakeholders' Meeting

The Stakeholders' Meeting is made up of the stakeholders. The Stakeholders' Meeting is responsible for appointing the members of the Supervisory Board in accordance with the Charter and adopting the annual financial statements of EAA and making the decisions otherwise incumbent upon it under the Charter. The Stakeholders' Meeting shall meet as often as is necessary to perform its functions. The Stakeholders' Meeting may dismiss members of the Supervisory Board at any time for good cause.

Conflicts of Interest

It cannot generally be ruled out that the persons involved in an offer or issue of Notes under the Programme, irrespective of whether they are individuals or legal entities, have interests in the offer or issue. Whether this is the case will depend upon the facts at the time of the offer or issue. A description of any interests, including any conflicting interests, that are of importance to an offer or issue of Notes will be included in the relevant Final Terms, specifying the persons involved and the types of interests. As at the date of this Prospectus, EAA is not aware of any such conflicts of interests.

Regulatory Supervision of the Issuer

EAA is not a credit institution within the meaning of the KWG, is not regulated accordingly and does not conduct business that requires licences pursuant to EU Directive 2006/48/EC of the European Parliament and of the Council of 14th June, 2006 or pursuant to EU Directive 2004/39/EC of the European Parliament and of the Council of 21st April, 2004.

EAA is, however, supervised by the FMSA (control of legality) and, to a limited extent, the BaFin (supervisory control).

The FMSA is a public law agency with full legal capacity which is directly under governmental control of the Federal Ministry of Finance. FMSA's supervision of EAA ensures, in particular, that EAA, including its governing bodies and the stakeholders, complies with the relevant statutory requirements and its Charter. In order to perform its supervisory function, the FMSA has certain information rights, control rights, auditing rights and rights of instruction set forth in EAA's Charter. The FMSA monitors and checks compliance with EAA's accounting and disclosure duties. In addition, the FMSA may reserve the right to carry out special audits, particularly audits to assess compliance with the requirements applicable to EAA's operations and implementation of the Winding-up

Plan. The FMSA may give instructions to EAA's Managing Board, Supervisory Board and Stakeholders' Meeting as well as to individual stakeholders in order to ensure that EAA's activities remain in compliance with the law and EAA's Charter.

The purpose of BaFin's supervision is to ensure that EAA complies with such statutory provisions of the KWG, WpHG and GwG which are applicable to it pursuant to EAA's Charter and pursuant to section 8a (5) sentence 2 of FMStFG, particularly that it establishes a proper business structure and that it does not conduct any transactions which it is not entitled to conduct pursuant to its Charter. BaFin has rights to obtain information and to conduct audits. It is authorised to give instructions to EAA and the Managing Board and its members that are appropriate and necessary to avoid or eliminate irregularities or shortcomings and to prevent infringements of the provisions of the KWG, the WpHG and the GwG applicable to EAA. In particular, the BaFin may require the dismissal of members of the Managing Board in the case of negligent and continuous infringements.

Instruments Issued by the Fund and by EAA's Stakeholders to Ensure a Minimum Equity Level at EAA

The Fund (acting through FMSA) as well as the stakeholders NRW, SVWL, RSGV, LVR and LWL have individually entered into so-called "instruments" with EAA in respect of EAA's capital level. Each instrument allows EAA to activate under certain circumstances (*inter alios*, after having submitted to the relevant instrument issuer a notice as set out in the respective instrument) – up to the maximum amounts set out below – an equity receivable against the respective instrument's issuer in EAA's balance sheet. The trigger for activation of such instruments is that in EAA's annual accounts, semi-annual or quarterly reports the level of equity would fall below an amount of Euro 50 million. In such case, EAA is entitled to activate that portion of the instruments which allows EAA to show an equity level of Euro 50 million in its respective annual accounts, semi-annual or quarterly reports. A deactivation automatically occurs when (and to the extent that) in EAA's following annual accounts, semi-annual or quarterly reports the level of equity exceeds Euro 50 million. Alternatively, EAA may under certain circumstances request the payment of the required equity amounts. A repayment of such equity funds only becomes due if the level of equity exceeds Euro 60 million (but then in the amount of equity exceeding the Euro 50 million equity level).

The instruments are arranged in two tiers. In tier one, the stakeholders make available the following amounts:

- NRW: up to EUR 72,500,000;
- RSGV: up to EUR 37,500,000;
- SVWL: up to EUR 37,500,000;
- LVR: up to EUR 1,250,000;
- LWL: up to EUR 1,250,000.

In tier two, the Fund makes available up to EUR 330,000,000, which can only be drawn if all tier one instruments have been utilised in full or the tier one instruments would be insufficient to preserve EAA's capital level. All instruments will cease to exist on 31st December, 2028, whereas any portions activated at the time of adoption of EEA's final accounts will permanently remain with EAA.

Duty of the Fund and EAA's Stakeholders to Offset Losses (*Verlustausgleichspflicht*)

The Fund (acting through FMSA) as well as the stakeholders NRW, SVWL, RSGV, LVR and LWL (each an **Indemnifying Person**) are individually liable to EAA and the stakeholders NRW, SVWL, RSGV, LVR and LWL are also individually liable to the Fund (acting through FMSA) to offset all losses incurred by EAA in accordance with section 7 of the Charter. This obligation to offset losses is arranged in four tiers as follows:

In the first tier, SVWL, RSGV, NRW, LVR and LWL are individually responsible for a portion of a total amount of EUR 850,000,000 as follows (each individually limited to the amount stated below):

- | | | |
|---------|-----------|----------------------|
| - SVWL: | 25.0500 % | max. EUR 213,000,000 |
| - RSGV: | 25.0500 % | max. EUR 213,000,000 |
| - NRW: | 48.2000 % | max. EUR 409,500,000 |
| - LVR: | 0.8500 % | max. EUR 7,250,000 |
| - LWL: | 0.8500 % | max. EUR 7,250,000 |

In the second tier, SVWL, RSGV, NRW, LVR, LWL and the Fund are individually responsible for a portion of a total additional amount of EUR 2,670,000,000 as follows (each individually limited to the amount stated below):

- | | | |
|---------|------------|----------------------|
| - SVWL: | 18.72659 % | max. EUR 500,000,000 |
| - RSGV: | 18.72659 % | max. EUR 500,000,000 |
| - NRW: | 36.14981 % | max. EUR 965,200,000 |
| - LVR: | 0.65169 % | max. EUR 17,400,000 |
| - LWL: | 0.65169 % | max. EUR 17,400,000 |
| - Fund: | 25.09363 % | max. EUR 670,000,000 |

In the third tier, SVWL, RSGV and NRW are individually responsible for a portion of a total additional amount of EUR 6,000,000,000 as follows (each individually limited to the amount stated below):

- | | | |
|---------|------------|------------------------|
| - SVWL: | 24.99166 % | max. EUR 1,499,500,000 |

| - NRW: | 50.01668 % | max. EUR 3,001,000,000 |

Also, in case SVWL or RSGV were to fail to fulfil their respective obligations, NRW will assume these obligations from any of the

aforementioned tiers vis-à-vis EAA.

In the fourth tier, NRW assumes 50 per cent. of any excess amounts while the remaining 50 per cent. will be shared between NRW and the Fund (internal allocation to be agreed based on FMStFG).

Also, in case SVWL or RSGV were to fail to fulfil their respective obligations, NRW will assume these obligations vis-à-vis EAA.

In order to satisfy its respective obligation to offset losses, each Indemnifying Person has an obligation to provide EAA with such amounts at such times as are necessary in order to ensure that EAA is always in a position to meet its liabilities upon first demand even after the liquid asset component of its equity has been used up. This obligation of each Indemnifying Person is subject to the liability quota and caps as set out in section 7 of the Charter. EAA must assert its claim against any Indemnifying Person to have its losses offset in the amount necessary and at a time sufficiently prior to any imminent insolvency so as to ensure that EAA is always in a position to pay its debts as and when they fall due.

The obligation of an Indemnifying Person to offset losses pursuant to the provisions of EAA's Charter falls due when it receives a request for funds from EAA's Managing Board (**payment request**). The payment request must detail the total amount requested, the amount apportioned to each Indemnifying Person, and include a statement by EAA's Managing Board that, based on its best judgment, the Managing Board deems the payment request to be necessary in order to ensure EAA's ability to meet its existing liabilities at all times. Each Indemnifying Person must pay to EAA the amount apportioned to it upon first demand without undue delay, however no later than seven banking days after receipt of the payment request.

The Indemnifying Persons may only offset counter-claims against EAA's claim to have its losses offset to the extent that such counter-claims have been confirmed in a final and binding judgment or explicitly acknowledged by EAA. This principle also applies to the assertion of any right to withhold performance/right of retention.

The Indemnifying Persons have no right to claim repayment of the funds paid by them in order to offset losses.

The duty to offset losses on the part of SVWL and RSGV is capped at a total amount of Euro 4.5 billion. This cap may not be increased at any time, nor may any obligation to increase the cap be imposed, regardless of the legal grounds. The above cap will be reduced by all payments made by SVWL/RSGV under their duty to offset losses.

The duty to offset losses on the part of LVR and LWL is capped at a total amount of Euro 51,800,000. This cap may not be increased at any time, nor may any obligation to increase the cap be imposed, regardless of the legal grounds. The above cap will be reduced by all payments made by LVR/LWL under their duty to offset losses.

The duty of the Indemnifying Persons to offset losses (*Verlustausgleichspflicht*) does not constitute an explicit guarantee by the Indemnifying Persons for the benefit of EAA's counterparties, i.e. the holders of any Notes to be issued under the Programme will not have a recourse right against the Indemnifying Persons.

Principal Activities and Winding-up Plan

EAA's principal activity is to wind up a portfolio of risk assets and non-strategic businesses/assets that have been transferred to it from Portigon and Portigon's subsidiaries. EAA conducts its transactions in accordance with economic principles having regard to its winding-up objectives and the principle of risk minimisation.

In connection with the transfer of assets and pursuant to a cooperation agreement entered into by WestLB and EAA, WestLB and EAA have agreed that WestLB will continue to service the transferred assets as portfolio manager for EAA. To the extent assets are effectively transferred to EAA, WestLB on EAA's behalf will either collect or sell these assets. To the extent assets are not effectively transferred to EAA but EAA has assumed the risk thereof, WestLB will collect or dispose of such assets in its own name but for the account of EAA. Accordingly, WestLB remains the relevant debtors' primary contact even if it is acting in EAA's name and/or account. For this purpose, WestLB has established an organisational unit (the portfolio exit group) dedicated to EAA's asset portfolio and client relationships, which is separated from other WestLB departments by information barriers to avoid potential conflicts of interest.

The risk assets and the non-strategic businesses/assets taken over by EAA must be wound up in accordance with the Winding-up Plan. The Winding-up Plan is a special form of business plan with a view to minimising losses. The Managing Board, the Supervisory Board, the Stakeholders' Meeting and EAA's stakeholders are bound by the Winding-up Plan. The Winding-up Plan describes the winding-up measures intended to be taken by EAA and includes a timeline for full liquidation of EAA's risk assets and non-strategic businesses/assets within a reasonable winding-up period. The Winding-up Plan shall ensure the solvency of EAA at all times during the entire winding-up period, notwithstanding the stakeholders' duty to offset losses. The Winding-up Plan also honours the principle of minimising losses. The FMSA has the right to instruct EAA and the stakeholders as to the specific information to be included in any update of the Winding-up Plan.

Funding Activities

As part of the transfer of the Portfolio and the Follow-up Portfolio EAA has also assumed a number of instruments by which Portigon has managed its funding activities.

The funding of EAA will have to be periodically refinanced as instruments expire. To replace expiring funding for the risk assets and non-strategic businesses/assets acquired, EAA will, in particular, issue debt securities and/or take out bank loans. Derivatives transactions are employed to hedge against, in particular, interest and exchange rate risks. EAA will also issue, among other instruments, unsecured bonds and raise short-term funds on the financial market.

Due to regulatory restrictions, EAA is not entitled to engage in deposit taking towards the general public, accordingly it is not

allowed, among other things, to issue debt securities to the general public. Rather, EAA is allowed to issue debt securities to the European Central Bank, any other central bank or certain institutional investors (such as banks, insurers or other entities or persons which are regularly engaged in or established for the purposes of making, purchasing or investing in loans, securities or other financial assets) only. Following the transfer of the Follow-up Portfolio from Portigon and Portigon's subsidiaries to EAA the need for obtaining funding will increase due to any mismatch between aforementioned assets and the simultaneously transferred liabilities and may only decrease in accordance with the continuing winding-up process of the Portfolio and the Follow-up Portfolio.

Ratings

The following short-term and long-term ratings have been assigned by Moody's Deutschland GmbH (**Moody's**), Standard & Poor's Credit Market Services Europe Ltd. (**Standard & Poor's**) and Fitch Ratings Ltd. (**Fitch**) to the Notes and the Issuer:

	Short-Term Ratings		Long-Term Ratings	
	of the Notes	of the Issuer	of the Notes	of the Issuer
Moody's	P-1	P-1	Aa1 (negative outlook)	Aa1 (negative outlook)
Standard & Poor's	A-1+	A-1+	AA-	AA-
Fitch	F1+	F1+	AAA	AAA

Short-term issues are obligations with an original maturity of less than 365 days. Short-term issuer ratings are opinions of an issuer's capacity to meet short-term financial obligations. Long-term issues are obligations with an original maturity of one year or more. Long-term issuer ratings are opinions of the ability of entities to meet long-term senior unsecured financial obligations and contracts.

Each of Moody's, Standard & Poor's and Fitch has been established in the European Union, has been registered with the relevant competent authority under Commission Regulation (EC) no. 1060/2009, as amended by Regulation (EU) no. 513/2011 (the **CRA Regulation**) and is included in the current list of credit rating agencies dated 20th March, 2013 and published by the European Securities and Markets Authority on its website (www.esma.europa.eu) in accordance with the CRA Regulation.

The ratings of the Notes address the ability of the Issuer to make payments due in respect of Notes in the event that an event of default occurs. They do not address the probability of an event of default actually occurring.

Notes to be issued under the Programme may be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating set out above.

A security rating is not a recommendation to buy, hold or sell securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

The rating definitions set out above have been sourced from the websites of Moody's, Standard & Poor's and Fitch, respectively. As far as the Issuer is aware and is able to ascertain from the ratings information published by Moody's, Standard & Poor and Fitch, no facts have been omitted which would render the reproduced information inaccurate or misleading.

Financial Statements and Annual Reports

The first financial year of EAA was a short financial year which commenced on 11th December, 2009 and ended on 30th June, 2010. The second financial year of EAA was also a short financial year which commenced on 1st July, 2010 and ended on 31st December, 2010. As of 1st January, 2011, the financial year of EAA corresponds with the calendar year. The Managing Board of EAA prepares an annual report within the first three months of each financial year.

Auditors

The statutory auditor of EAA is PricewaterhouseCoopers Aktiengesellschaft Wirtschaftsprüfungsgesellschaft, Moskauer Straße 19, 40227 Düsseldorf, Federal Republic of Germany (**PwC**). PwC has audited the Issuer's financial statements for the financial year ending on 31st December, 2011 as well as the financial year ending on 31st December, 2012 in accordance with generally accepted auditing standards in the Federal Republic of Germany and issued an unqualified auditor's report/opinion in each case. PwC is a member of the German Chamber of Public Accountants (*Wirtschaftsprüferkammer*).

Employees

As of 31st December, 2012, the number of employees was 103.

Legal and Arbitration Proceedings

EAA and its affiliated companies are involved in a number of legal disputes which are being dealt with either in court or out-of-court in Germany and abroad concerning certain risk assets and non-strategic businesses/assets which Portigon and Portigon's subsidiaries have transferred to EAA.

Following the transfer of the Follow-up Portfolio the Issuer also assumed contingent liabilities related to potential legal disputes which have been brought or will be brought against Portigon and its affiliated companies.

WestLB (now: Portigon) has been a party (until the end of 2011) of the so-called LIBOR panel of the British Bankers Association (**BBA**). As are other banks of such panel, WestLB (now: Portigon) is also subject to investigations by the U.S Commodity Futures Trading Commission (**CFTC**), the British Financial Conduct Authority (**FCA**), the U.S. Department of Justice, the European

Commission and the BaFin with respect to potential manipulations in connection with the determination of the LIBOR interest reference rates. WestLB (now: Portigon) is (similar to other BBA LIBOR panel banks) further subject to subpoenas issued by the Attorney Generals of the State of New York, Florida and Connecticut. As at the date of this Prospectus, WestLB (now: Portigon) is involved in 35 civil litigations, which are combined in three U.S. class actions against all or almost all banks which had, as part of the BBA LIBOR panel, provided daily quotations to the BBA for the determination of the reference rates, i.e. LIBOR. The investigations and the civil proceedings are likely to last for several years. It is currently not possible to predict the outcome of the described proceedings.

In addition, the Issuer is currently exposed to the risk of claims for damages by investors in respect of various swap transactions especially with municipalities. In a decision of the German Federal Supreme Court (*Bundesgerichtshof, BGH*) on spread ladder swaps dated 22nd March, 2011 (the **Spread Ladder Swap Judgment**), the BGH ruled that banks are obliged, under certain circumstances, to disclose an initial negative market value of a transaction (on the basis of reflected costs and the bank's margin). If such disclosure is not made, the bank can be held liable for any damages resulting from such lack of disclosure in respect of its investment advice to its investors. This precedent Spread Ladder Swap Judgment has since led to numerous legal proceedings against banks active in the German market (including WestLB, now: Portigon) and EAA, with inconsistent decisions by the courts of first instance. It can therefore currently not be excluded that the principles set out in the Spread Ladder Swap Judgment could be transferable to other types of derivatives transactions. The outcome of these legal proceedings with regard to swap transactions on the basis of the Spread Ladder Swap Judgement can hardly be predicted for the time being.

Other than the proceedings described in this section, so far as the Issuer is aware, there have been no governmental, legal or arbitration proceedings (including any pending proceedings) during the last twelve months which may have, or have had, in the recent past, a material adverse effect on the Issuer's business or financial conditions.

No Significant or Material Adverse Change

There has been no significant change in the financial or trading position of EAA and the EAA Group and there has been no material adverse change in the prospects of EAA since 31st December, 2012, the date of EAA's last published audited accounts.

Material Contracts

EAA has entered into the following material contracts which could have an impact on the Issuer's ability to meet its obligations to Holders in respect of the Notes to be issued by EAA pursuant to the Programme:

EAA has entered into a total of six spin-off agreements pursuant to which it has acquired risk assets and non-strategic businesses/assets from Portigon and certain of Portigon's subsidiaries. The first spin-off agreement was entered into by EAA and WestLB in December 2009 with regard to the § 8 Portfolio. In connection with the transfer of the Main Portfolio, EAA and WestLB entered into two additional spin-off agreements. The fourth spin-off agreement was made between EAA and Westdeutsche ImmobilienBank AG (**WIB**), one of WestLB's subsidiaries, pursuant to which WIB transferred loans and other liabilities to EAA. The fifth and sixth spin-off agreements were made between EAA and Portigon in 2012 in respect of the Follow-up Portfolio. Under each of the six spin-off agreements entered into in connection with the transfer of the § 8 Portfolio, the Main Portfolio and the Follow-up Portfolio, EAA is obliged to make a compensation payment (*Ausgleichszahlung*) to the relevant transferor.

In connection with the transfer of the Main Portfolio and the Follow-up Portfolio and due to legal implications in certain foreign jurisdictions which impose restrictions on the transfer of assets by way of spin-off, EAA also entered into five sub-participation agreements with WestLB, WIB and WestLB Europa Holding GmbH (**WEH**). Under such sub-participation agreements, EAA, in return for a certain consideration payment, acquired the economic but not the legal title to certain assets belonging to the Main Portfolio as well as the Follow-up Portfolio. Portigon, WIB and WEH remain the holder of title to all rights and obligations in connection with the assets which are the subject of such sub-participation agreements but will hold the assets on trust for EAA pursuant to section 16 (3) of the German Financial Market Stabilisation Acceleration Act (*Finanzmarktstabilisierungsbeschleunigungsgesetz*). EAA bears the economic risk of such assets.

Pursuant to a transfer agreement entered into by EAA and WestLB International SA, EAA also acquired assets of the Main Portfolio from WestLB International SA by way of an asset deal for a certain purchase price.

In connection with the transfer of the Follow-up Portfolio and due to legal implications in certain foreign jurisdictions which impose restrictions on the transfer of assets by way of spin-off, EAA also entered into two risk transfer agreements with Portigon. Under the risk transfer agreements, EAA assumes the economic benefits and risks but legal title remains with Portigon in respect of two derivatives portfolios. One derivative portfolio consists of exchange traded derivatives and the other comprises over-the-counter (OTC) derivatives. Portigon remains the holder of title of all rights and obligations in connection with the derivatives which are the subject of the risk transfer agreements but will hold such rights and obligations in trust for EAA pursuant to section 16 (3) of the German Financial Market Stabilisation Acceleration Act (*Finanzmarktstabilisierungsbeschleunigungsgesetz*). EAA bears the economic risk of such assets.

In relation to those assets of the Main Portfolio and the Follow-up Portfolio for which neither a transfer by way of spin-off nor by way of sub-participation nor by way of a risk transfer was possible or opportune, EAA granted various guarantees in favour of Portigon. Under such guarantees, EAA is obliged to compensate Portigon for any losses incurred in connection with the underlying assets. In return, EAA is entitled to receive guarantee fees under such guarantee agreements.

Recent Developments and Outlook

The Issuer's earnings situation in the 2012 financial year was marked by reversal of risk allowances of Euro 171.6 million (net). The net interest income totalled Euro 240.5 million and net fee and commission income Euro 155.5 million. General and administrative

expenses were Euro 412.7 million. In total, EAA reported a net profit for the 2012 financial year of Euro 6.6 million as at 31st December, 2012.

By the end of 2016, EAA aims to wind-up more than 60 per cent. of the nominal value of the banking book portfolio taken on by EAA from Portigon (including positions held by subsidiaries). This equates to a reduction of EAA's total assets by more than 50 per cent. According to current expectations, the trading book portfolio taken on by EAA from Portigon shall be reduced by more than 50 per cent. by the end of 2015.

USE OF PROCEEDS

Generally, the net proceeds from each issue of Notes will be applied by the Issuer for its general corporate purposes, which include refinancing its assets and hedging certain risks.

TAXATION

The following is a general discussion of certain German and Luxembourg tax consequences of the acquisition and ownership of Notes and certain aspects of the EU Savings Directive. This discussion does not purport to be a comprehensive description of all tax considerations that may be relevant to a decision to purchase Notes, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. This summary is based on the tax laws currently in force and as applied on the date of this Prospectus, which are subject to change, possibly with retroactive or retrospective effect.

Prospective purchasers of Notes are advised to consult their own tax advisers as to the tax consequences of the purchase, ownership and disposition of Notes, including the effect of any state or local taxes, under the tax laws of Germany, Luxembourg and each country of which they are residents.

Germany

Tax Residents

The following paragraphs apply to persons resident in Germany, i.e. persons whose residence, habitual abode, statutory seat, or place of effective management and control is located in Germany.

Taxation of interest income and capital gains

(a) Notes held as private assets

Private income derived from capital investments (*Einkünfte aus Kapitalvermögen*) is subject to the flat tax (*Abgeltungsteuer*) regime. Such income from capital investments includes, *inter alia*, any interest received including interest having accrued up to the disposition of a Note and credited separately (the **Accrued Interest**; *Stückzinsen*), if any, and capital gains from the disposal, redemption, repayment or assignment of Notes held as non-business assets irrespective of a holding period. The taxable capital gain is the difference between the proceeds from the disposition, redemption, repayment or assignment on one hand and the direct acquisition and disposal costs (including lump sum fees payable to banks for the administration of a depository account or of assets provided they are documented as covering transaction costs and not current management fees and subject to further requirements) on the other hand. Where Notes are issued in a currency other than Euro, the disposal proceeds and the acquisition costs each will be converted into Euro using the exchange rates as at the relevant dates, so that currency gains and losses will also be taken into account in determining taxable income.

Related expenses (*Werbungskosten*) are not deductible, however, an annual tax allowance (*Sparer-Pauschbetrag*) of up to Euro 801 is granted in relation to all income from capital investments (up to Euro 1,602 for married couples filing a joint tax return).

Accrued Interest paid upon the acquisition of a privately held Note may give rise to negative income from capital investments. Such negative income and losses from capital investments can only be set off with income from capital investments. Any losses not offset in a given year may be carried forward to future years and be deducted from income from capital investments. Any existing loss carry forwards from years before 2009 may be set off in the future against income from capital investments observing certain procedural and timing limitations.

Income from capital investments is subject to German income tax at a special tax rate of 25 per cent. (plus a solidarity surcharge (*Solidaritätszuschlag*) thereon at a rate of 5.5 per cent., arriving at a tax rate of 26.375 per cent. plus, as the case may be, church tax. As a rule, the tax is imposed by way of withholding (*Kapitalertragsteuer*). The withheld tax amounts settle the personal income tax liability. In the event that no withholding tax was withheld (for example in cases where the Notes were kept in custody abroad), the relevant income has to be declared in the personal tax return and income tax is assessed on the gross income from capital investments at the special tax rate of 25 per cent. An assessment may also be applied for in order to set off losses or to take advantage of the tax allowance if this was not done within the withholding process. An assessment may further be applied for if a taxation at the personal progressive rates applicable for the relevant tax payer would lead to a lower tax burden (so-called favourableness test – *Günstigerprüfung*). A deduction of related cost is not possible in the assessment procedure.

(b) Notes held as business assets

Where Notes are held as business assets, any income derived therefrom is taxed as income from agriculture or forestry, business income, or as income from a self-employed activity (*selbständige Arbeit*), as the case may be. The flat tax regime is not applicable.

In the event that Notes are held by an individual, the income is subject to income tax at the personal progressive tax rates of up to 45 per cent. (plus solidarity surcharge thereon of 5.5 per cent.). In addition, the income – to the extent it is business income – is subject to trade tax (trade tax rates ranging from approx. 7 to 17 per cent. depending on the trade tax multiplier of the municipality concerned). Trade tax may in principle be (partially) credited against the income tax by way of a lump sum procedure.

If the holder of a Note is a corporation, the income is subject to corporate income tax of 15 per cent. plus solidarity surcharge thereon of 5.5 per cent. and trade tax at the above rates.

If the Note is held by a partnership, the income derived therefrom is allocated directly to the partners. Depending on if they are individuals or corporations, the income is subject to income tax or to corporate income tax at the level of the partner. The income – to

the extent it is business income – is further subject to trade tax at the above rates at the level of the partnership. In case of a partner who is an individual, the trade tax may in principle (partially) be credited against the income tax by way of a lump sum procedure.

Withholding Tax

Withholding tax, if applicable, is levied at a uniform rate of 25 per cent. (in all cases plus solidarity surcharge thereon of 5.5 per cent. and church tax at a rate of either 8 per cent. or 9 per cent.). A German branch of a German or non-German bank or of a German or non-German financial services institution, or a German securities trading bank or business (each a **German Disbursing Agent**) is in principle obliged to withhold withholding tax and pay it to the German tax authorities for the account of the holder of a Note. The Issuer may be obliged to deduct and withhold withholding tax where (i) no German bank or German financial services institution is the disbursing agent and where additionally (ii) the Issuer holds Notes in custody, administers them or effects a sale of the Notes and pays or credits the relevant amounts of interest or sales proceeds.

Where Notes are held in a custodial account that the holder of the Note maintains with a German Disbursing Agent, withholding tax will be levied on the gross interest payments. In the event that the disposition, redemption, repayment or assignment of a Note is made or commissioned through a German Disbursing Agent effecting such disposition, redemption, repayment or assignment commission, withholding tax is levied on the capital gains from the transaction. To the extent the Notes have not been kept in a custodial account with the German Disbursing Agent since the time of acquisition, upon the disposal, redemption, repayment or assignment, the withholding tax rate is applied to 30 per cent. of the disposal proceeds (substitute assessment base – *Ersatzbemessungsgrundlage*), unless the holder of the Notes provides evidence of the actual acquisition cost by submitting a certificate of the previous German Disbursing Agent or a foreign credit or financial services institution within the European Economic Area. In computing the withholding tax base, the German Disbursing Agent will take into account (the following each derived from private capital investments) Accrued Interest paid to it and, according to a specific procedure, settle losses from the disposal of capital investments (other than stocks (*Aktien*)) from other transactions entered into through or with the same German Disbursing Agent. If, in this context, losses cannot be offset in full against positive income from capital investments, the German Disbursing Agent will upon request issue a certificate stating the losses in order for them to be offset or carried forward in the assessment procedure. The request must reach the German Disbursing Agent by 15th December of the current year and is irrevocable.

If, in the case of physical delivery, no cash payment is made on redemption, the German Disbursing Agent will request the holder of the Note to pay the withholding tax amount to it unless the physical delivery qualifies as tax neutral exchange in which case no withholding tax applies. If the holder of the Note does not pay the amount to be withheld to the German Disbursing Agent, the latter must notify the tax authorities of such failure which will then otherwise collect the tax not withheld.

In general, no withholding tax will be levied if the holder of the Note is an individual (i) whose Notes are held as private assets and (ii) who files an exemption certificate (*Freistellungsauftrag*) with the German Disbursing Agent, but only to the extent the the exemption amount shown on the withholding exemption certificate allows for such an exemption. Similarly, no withholding tax will be deducted if the holder of a Note has submitted to the German Disbursing Agent a certificate of non-assessment (*Nichtveranlagungsberechtigung*) issued by the relevant local tax office.

If Notes are held as private assets the personal income tax liability is, in principle, settled by the tax withheld. A tax assessment may be applied for in the cases outlined above. In assessment cases and in cases where the Note is held as a business asset or is allocable to other types of income, the withholding tax is credited against the income tax or corporate income tax liability of the holder of the Note, or is refunded.

Withholding tax, as a rule, does not have to be deducted or withheld if the holder of an Instrument is a German branch of a German or non-German bank or of a German or non-German financial services institution or a German capital investment company (*Kapitalanlagegesellschaft*).

Taxes on the capital gains from the disposal of Notes derived by a private law corporation that is subject to unlimited taxation in Germany and which is not exempt from corporate income tax, and that is neither a German branch of a German or non-German bank or of a German or non-German financial services institution nor a German capital investment company, are not collected in the form of withholding tax. In the case of certain specific groups of corporations, this applies only if they provide evidence of falling under this group of taxpayers by a certificate from their competent tax office.

To the extent that the capital gains represent business income of a domestic business and the sole proprietor declares this to be so to the German Disbursing Agent on the officially required standard form, the German Disbursing Agent must not deduct an amount as withholding tax.

Non-residents

Taxation of interest income and capital gains

Income from capital investments (including interest, Accrued Interest, and capital gains) is not subject to German taxation, unless (i) the Notes form part of the business assets of a permanent establishment (including a permanent representative,)or a fixed base

maintained in Germany by the holder of a Note; or (ii) the income otherwise constitutes German-source income creating German limited tax liability. In cases (i) and (ii), a regime similar to that explained above under "Tax Residents" applies.

Withholding Tax

Non-residents are, in general, exempt from German withholding tax on interest and the solidarity surcharge thereon. However, where the interest is subject to German taxation as set forth in the preceding paragraph and Notes are held in a custodial account with a German Disbursing Agent, withholding tax is levied as explained above under "Tax Residents". The withholding tax may be refunded based on an assessment to tax or under an applicable tax treaty.

Inheritance and Gift Tax

No inheritance or gift taxes with respect to any Note will arise under the laws of Germany, if, in the case of an inheritance *mortis causa*, neither the decedent nor the beneficiary, or, in the case of an endowment *intra vivos*, neither the donor nor the donee has its residence or habitual abode or, as the case may be, its place of management or seat in Germany and such Note is not attributable to a German trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in Germany. Exceptions from this rule apply for example to certain German citizens who previously maintained a residence in Germany. Otherwise, inheritance and gift tax may apply.

Inheritance or gift tax may apply *inter alia* – without any transfer – in intervals of 30 years, if the Instruments are held by a qualifying family foundation (*Stiftung*) or a family association (*Verein*) having its statutory seat or place of management in Germany.

Other Taxes

No stamp, issue, registration or similar taxes or duties will be payable in Germany in connection with the issuance, delivery or execution of the Notes. Currently, net assets tax (*Vermögensteuer*) is not levied in Germany.

Luxembourg

The following information is of a general nature, is included herein solely for information purposes and does not purport to be a comprehensive description of all tax considerations that may be relevant to a decision to purchase or sell the Notes. It is based on the laws, regulations and administrative and judicial interpretations presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice or to cover any and all types of investors. Potential investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Potential investors should be aware that the residence concept used under the respective headings below applies for Luxembourg income tax and net wealth tax assessment purposes only. Any reference in the present section to a tax, duty, levy, impost or other charge or withholding of a similar nature refers to Luxembourg tax law and/or concepts only. Also, please note that a reference to Luxembourg income tax generally encompasses corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*), a solidarity surcharge (*contribution au fonds pour l'emploi*) as well as personal income tax (*impôt sur le revenu*). Investors may further be subject to net wealth tax (*impôt sur la fortune*) as well as other duties, levies or taxes. Corporate income tax, municipal business tax as well as the solidarity surcharge invariably apply to most corporate taxpayers resident of Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax and the solidarity surcharge. Under certain circumstances, where an individual taxpayer acts in the course of the management of a professional or business undertaking, municipal business tax may apply as well.

Withholding Tax

(i) Non-resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the laws of 21st June, 2005 (the **Laws**) (i) implementing the European Union Savings Directive (Council Directive 2003/48/EC of 3rd June, 2003 on taxation of savings income in the form of interest payments; the **European Union Savings Directive**) and (ii) ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of European Union Member States, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

Under the European Union Savings Directive and the Laws, a Luxembourg based paying agent (within the meaning of the European Union Savings Directive) is required since 1st July, 2005 to withhold tax on interest and other similar income (within the meaning of the Laws) paid by it to (or under certain circumstances, for the benefit of) an individual resident in another European Union Member State or a residual entity (the **Residual Entity**) in the sense of Article 4.2. of the European Union Savings Directive (i.e. an entity without legal personality and whose profits are not taxed under the general arrangements for the business taxation and which is not, or has not opted to be considered as, an undertaking for collective investment in transferrable securities or is UCITS recognised in accordance with Council Directive 85/611/EEC) or, arguably, as replaced by Council Directive 2009/65/EC (as amended), resident or established in another European Union Member State, unless the beneficiary of the payment of interest or similar income elects for

an exchange of information or provides a specific tax certificate to the Luxembourg based paying agent. The same regime applies to payments by a Luxembourg based paying agent to individuals or Residual Entities resident in certain dependent or associated territories (including Jersey, Guernsey, Isle of Man,Montserrat, British Virgin Islands, Curaçao, Saba, Sint Eustatius, Bonaire, Sint Maarten and Aruba).

The current withholding tax rate is 35 per cent. Responsibility for the withholding of the tax will be assumed by the Luxembourg based paying agent. The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain other countries.

Investors should note that the European Commission announced proposals to amend the European Union Savings Directive. If implemented, the proposed amendments would, inter alia, extend the scope of the European Union Savings Directive to (i) payments made through certain intermediate structures (whether or not established in an European Union Member State) for the ultimate benefit of an European Union resident individual, and (ii) a wider range of income similar to interest (for more information, please refer to the section entitled "*European Union Savings Directive*") below.

(ii) Resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the law of 23rd December, 2005, as amended (the **Law**) mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of the Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident holders of Notes.

Under the Law, payments of interest or similar income on debt instruments made or deemed to be made by a paying agent (within the meaning of the Law) established in Luxembourg to or for the benefit of an individual Luxembourg resident for tax purposes who is the beneficial owner of such payment may be subject to a final tax of 10 per cent. Such tax will be in full discharge of income tax if the individual beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding and payment of the tax will be assumed by the Luxembourg based paying agent.

An individual beneficial owner of interest or similar income (within the meaning of the Law) who is a resident of Luxembourg and acts in the course of the management of his/her private wealth may opt in accordance with the Law for a final tax of 10 per cent. when he/she receives or is deemed to receive such interest or similar income from a paying agent established in another European Union Member State, in a member state of the EEA which is not a European Union Member State or in a state which has concluded a treaty directly in connection with the European Union Savings Directive. In such case, the 10 per cent. levy is calculated on the same amounts as for the payments made by Luxembourg resident paying agents. The option for the 10 per cent. final levy must cover all payments of interest or similar income made by the paying agents to the Luxembourg resident beneficial owner during the entire calendar year. The individual resident that is the beneficial owner of interest is responsible for the declaration and the payment of the 10 per cent. final tax.

Income Taxation

(i) Non-resident holders of Notes

Non-resident holders of Notes, not having a permanent establishment, a permanent representative, or a fixed place of business in Luxembourg to which the Notes or income therefrom are attributable, are not subject to Luxembourg income taxes on income accrued or received, redemption premiums or issue discounts, under the Notes nor on capital gains realised on the disposal or redemption of the Notes. Non-resident holders who have a permanent establishment, a permanent representative, or a fixed place of business in Luxembourg to which the Notes or income therefrom are attributable are subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts under the Notes and on any gains realised upon the sale or disposal of the Notes.

(ii) Resident holders of Notes

Individuals

A resident holder of Notes, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax in respect of interest or similar income received, redemption premiums or issue discounts, under the Notes, except if tax has been levied on such payments in accordance with the Law.

A gain realised by an individual holder of Notes, acting in the course of the management of his/her private wealth, upon the sale or disposal, in any form whatsoever, of Notes is not subject to Luxembourg income tax, provided this sale or disposal took place more than six months after the Notes were acquired. However, any portion of such gain corresponding to accrued but unpaid interest income is subject to Luxembourg income tax, except if tax has been levied on such interest in accordance with the Law.

Corporation

A corporate resident holder of Notes must include any interest accrued or received, any redemption premium or issue discount, as well as any gain realised on the sale or disposal, in any form whatsoever, of the Notes, in its taxable income for Luxembourg income tax assessment purposes.

A holder of Notes that is governed by the law of 11th May, 2007 on family estate management companies (as amended), or by the law of 17th December, 2010 on undertakings for collective investment, or the law of 13th February, 2007 on specialised investment funds (as amended) is neither subject to Luxembourg income tax in respect of interest accrued or received, any redemption premium, nor on gains realised on the sale or disposal, in any form whatsoever, of the Notes.

Net Wealth Taxation

A corporate holder of Notes, whether it is resident of Luxembourg for tax purposes or, if not, it maintains a permanent establishment, fixed place of business or a permanent representative in Luxembourg to which such Notes are attributable, is subject to Luxembourg wealth tax on such Notes, except if the holder of Notes is a family estate management company (*société de gestion de patrimoine familial*) introduced by the law of 11th May, 2007 (as amended), an undertaking for collective investment governed by the law of 17th December, 2010 (amending the law of 20th December, 2002), a securitisation vehicle governed by and compliant with the law of 22nd March, 2004 on securitisation, a company governed by and compliant with the law of 15th June, 2004 (as amended) on venture capital vehicles, or a specialised investment fund governed by the law of 13th February, 2007 on specialised investment funds (as amended).

An individual holder of Notes, whether he/she is resident of Luxembourg or not, is not subject to Luxembourg wealth tax on such Notes.

Other Taxes

Neither the issuance nor the transfer of Notes will give rise to any Luxembourg stamp duty, value added tax, issuance tax, registration tax, transfer tax or similar taxes or duties, provided that the relevant issue or transfer agreement is not registered in Luxembourg which is not mandatory.

Where a holder of Notes is a resident of Luxembourg for tax purposes at the time of his/her death, the Notes are included in his/her taxable estate for inheritance tax assessment purposes.

Gift tax may be due on a gift or donation of Notes if embodied in a Luxembourg deed or recorded in Luxembourg.

European Union Savings Directive

Under EC Council Directive 2003/48/EC (as amended) (the **European Union Savings Directive**) on the taxation of savings income, member states have been required, since 1st July, 2005, to provide to the tax authorities of another member state details of payments of interest (or similar income) paid by a paying agent within its jurisdiction to an individual resident in that other member state. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system to withhold tax at a rate of 35 per cent. (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). In conformity with the prerequisites for the application of the European Union Savings Directive, a number of non-EU countries and territories including Switzerland have agreed to apply measures equivalent to those contained in the European Union Savings Directive (a withholding system in the case of Switzerland).

The European Union Savings Directive is currently under review and may be amended. One of the amendments being discussed is an extension of the scope of the European Union Savings Directive to include interest income derived by certain corporations.

If a payment were to be made or collected through a paying agent in a state which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any paying agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. If a withholding tax is imposed on a payment made by a paying agent following implementation of the European Union Savings Directive, the Issuer will be required pursuant to the Conditions, to the extent this is possible, to maintain a paying agent in a member state that will not be obliged to withhold or deduct tax pursuant to the European Union Savings Directive.

A paying agent in a member state that is not obliged to withhold or deduct pursuant to the European Union Savings Directive will have to provide details of payments of interest (or similar income) to the member state in which the receiving individual is resident. The reporting obligation relates to, *inter alia*, information on the amount of interest paid as well as name, address and account details of the receiving individual in accordance with Article 8 of the European Union Savings Directive.

SUBSCRIPTION AND SALE

The Dealers have, in a programme agreement dated 15th May, 2013 (as amended and supplemented from time to time, the **Programme Agreement**) agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated in the sections entitled "*Form of the Notes*" and "*Terms and Conditions of the Notes*". In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.
